Authorisation to publish TCL Official

APP	TCL Official
BUNDLE ID	com.thunderboltcricket.tclofficial
VERSION	1.0.0 (1)
SUBMISSION ID	a62c4551-d960-4eae-a819-dc082de9a019
ISSUE DATE	11 September 2026

To Apple App Review:

Thunderbolt Cricket League ("TCL") confirms that it has appointed **Overtures Infotech**, the sole proprietorship of **Amir Yusuf Netterwalla**, Technical Director, as TCL's official Technology Partner. Amir Yusuf Netterwalla is also a founding member of TCL.

TCL expressly authorises Overtures Infotech to develop, host, submit, publish, distribute, maintain and promote **TCL Official** for Apple platforms under the bundle identifier and version stated above.

Official-app declaration

TCL Official is TCL's authorised official app. It does not impersonate another league, team, service or Apple.

This letter and its appendices are supplied in response to App Store Review Guideline 4.1(a). The visual inventory records the current Season 6 publication snapshot; the operative licence also covers authorised historical TCL content displayed by the app.

Licence and authorisation scope

TCL grants Overtures Infotech a worldwide, royalty-free, non-exclusive licence to use authorised TCL content solely for developing, hosting, publishing, distributing, maintaining, promoting, resizing and displaying TCL Official and the related TCL web services.

The authorised content includes TCL names, branding and league marks; team identities; league data; fixtures; results and statistics; rules; sponsor acknowledgements; and player names, photographs and likenesses that TCL authorises for publication.

Limited sublicensing

Overtures Infotech may grant only those limited sublicences reasonably necessary for these purposes to Apple, Google, hosting providers, content-delivery networks and technical vendors. No broader merchandising or ownership right is granted.

Rights and permissions

TCL represents that it owns the TCL material used in the app or has obtained the permissions necessary to authorise its use. References to sponsor trademarks and player names, photographs or likenesses are licensed for authorised publication only. This document does not assign or purport to transfer ownership of any sponsor trademark or player likeness.

Administration and duration

Overtures Infotech may manage store listings, builds, metadata, screenshots, support materials and technical delivery for TCL Official. This authorisation takes effect when signed by both parties and continues until TCL withdraws it in writing, subject to platform rules and reasonable steps to remove or update affected materials.
